Chapter 11 To 15

Chapter 11

Zhou Manchun hid in the corner and looked at the dangerous man. In just two words, she knew that this man was not simple, and that man's voice was so cold and familiar. But who are they talking about doing?

Spoot? The name seems to have been heard somewhere. Zhou Manchun feels her mind is buzzing. Just as she is trying to remember who Shi Botao is, a majestic male voice suddenly rings in her ear.

It's a nice voice, like a low cello chord, but it's chilly.

"Who is there?" There is no emotion in the cold voice line.

Obviously it's summer, but Zhou Manchun thinks it's very cold at the moment. Her limbs seem to be frozen by ice and snow, and her blood is in a state of panic.

Zhou Manchun slowly raised his head. Because the man just turned his back to him, she couldn't see his face clearly, but at the moment, the man had turned around.

At the moment when their eyes meet, Zhou Manchun can't help but feel a chill all over his body. Under the man's good-looking ink eyes, it's all cold, and his lonely face seems full of danger.

It's actually Jin Beisen! Zhou man really wants to find a piece of tofu to crash

and die.

"I didn't hear anything." Zhou Manchun took three deep breaths from the bottom of his heart before pretending to be calm.

"Ah..." The man smiled indifferently, one side of his thin lips raised a sarcastic arc, and Jin Beisen's Obsidian eyes like jewels hid the city.

Looking at Zhou Manchun's tense face, Jin Beisen's smile grew deeper and deeper. Obviously, Zhou Manchun was afraid.

Nothing? How do you know they were just talking? It's such a smart and stupid woman. Through her eyes, he seems to see a touch of fear on her beautiful face.

Zhou Manchun felt a tingle on his scalp. The whole body of the man was full of a natural sense of indifference and oppression. Talking to him required a spirit of 120000 yuan.

"What are you nervous about?" Jin Beisen suddenly started to walk towards Zhou Manchun with a sneer on his lips.

He went down the stairs step by step

"Where am I nervous?" Zhou Manchun was confused. She looked around. This is the 24th floor. The inpatient department she is most familiar with is quite safe in the hospital, Zhou Manchun thought.

Jin Beisen narrowed his eyes, and his thin lips moved slightly. The ink eyes scanned Zhou Manchun up and down. It was really fun. I met him again.

Is it fate?

Or bad luck!

"Are you a doctor in this hospital?" Jin Beisen asked thoughtfully. In fact, he had already touched Zhou Manchun's bottom clearly.

"I'm not." Zhou Manchun vetoed it. She admitted that she was stupid?

"Not a doctor. What are you doing in a white coat?" Jin Beisen's deep eyes rolled up a trace of sarcasm.

"Hahaha I'm wearing it. " Zhou Manchun wants to cover her tone with a smile.

Who knows, as soon as the voice falls, Jin Beisen has grabbed her shoulder with one hand and tried to make Zhou Manchun cry. Fortunately, she is a very pain-resistant person. Generally, Zhou Manchun will not even frown when she is injured.

"Still quite stubborn, said, what do you hear in the end?" Jin Beisen's tone was obviously full of impatience. His cold eyes were half narrowed, and he hated other people's playing the same idiot game as him.

Chapter 12

"What do you want me to say? I just didn't hear it. " Zhou man's clear eyes to his eyes, as if writing a look of my innocence, she denied, killed will not admit what she heard.

"In this case, don't blame me for being rude, uncle Zou." Jin Beisen suddenly let go and held Zhou Manchun's hand. Zhou Manchun didn't stand firm for a while and stepped back several steps.

Zou Yingjie also hurried down, a poker face is more indifferent, he stood behind Jin Beisen, a black suit, a stiff face more let Zhou Manchun feel panic.

"What do you want to do? This is a hospital. " Zhou Manchun is clinging to the wall, feeling the shade behind her. She frowns nervously.

"What about the hospital? Do you believe it? I can close this hospital tomorrow if I want to. " Jin Beisen said calmly, as if everything was under his control. His words were filled with violence and domineering force, which made Zhou Manchun angry.

"Oh, if you are so powerful, how can you appear here?" Zhou Manchun stared at Jin Beisen with contempt, thinking that he could really boast.

If Zhou Manchun was a little afraid of Jin Beisen just now, she just thought it was funny. Who wouldn't scare people? She's seen a lot of such people.

Besides, bullying and luring are Jin Beisen's usual moves. They are childish!

"Are you asking me a question now?" Jin Beisen received Zhou Manchun's provocative tone and thought it funny. No one has ever asked him such a bold question directly, or in such a questioning tone.

Zhou Manchun nodded his head definitely: "yes, and I remind you, this is the hospital. Every corner is equipped with monitoring. If you don't believe it, look up yourself."

A long silence.

Jin Beisen did not look up, but he believed Zhou Manchun's words. Indeed, the hospital was full of surveillance, especially this kind of safe passage.

"Do you think that would threaten me?" Jin Beisen's face remained unchanged, with a faint smile on his dark face, a trace of ferocity in his eyes, and a similar arc in his thin lips.

Threat? Two big words flashed in Zhou Manchun's mind. She never wanted to threaten Jin Beisen, just to get rid of him. When she ran into him, she didn't even dare to admit that she was the doctor of the hospital, just for fear of trouble in the future.

"Mr. Jin, if I just had something rude, please forgive me, but I swear, I really didn't hear anything. I'm very busy. Can I go now?" Zhou Manchun's pleasant voice vibrated slightly. In the quiet passage, she kept smiling calmly.

Now, she has nothing to fear!

"Remember what you said today. Even if you really hear something, you should pretend not to hear it. Otherwise, you will be responsible for the consequences." Jin Beisen calmly put down his words and then passed Zhou Manchun.

Zhou Manchun's mouth is shriveled and her whole body is soft. She blinks her big eyes and is not in a state.

Whoa! It was dangerous just now!

After returning to the office, Zhou Manchun sat on the chair and watched the patient's condition report quietly, but Jin Beisen's words were still heard, especially the name, Shi Botao!

Where does the name seem to have been heard? How can it be so familiar? Although Zhou Manchun was sure that she didn't know this person, she was

very uncomfortable because of the short circuit in her brain. As she looked through the case, she saw the name, Shi Botao!

Chapter 13

Isn't that the patient she operated on in the morning? He suffered from a serious myocardial infarction. Zhou Manchun thought of Jin Beisen's words again. He did it to make it look like a medical accident. Shi Botao is her patient. If there is any problem, she is the doctor in charge!

Just as Zhou Manchun was struggling, nurse Miss Jiang Jingqi came in. Jiang Jingqi is 22 years old, the same age as Zhou Manchun. She just graduated from nursing school and is an intern nurse of Jiaru hospital. Zhou Manchun has a good relationship with her. It may be because they are the same age, so it is more convenient to get through.

"Hey, director Zhou, you're working hard. Haven't you eaten yet?" Jiang Jingqi came into the office with a box of rice.

Zhou Manchun looked at her with tears of gratitude. She was hungry after the operation, but when she met Jin Beisen, she was in no mood to eat.

"Little Qi, thank you. How do you know I haven't had lunch?" Zhou Manchun stood up and pulled out his chair to ask Jiang Jingqi to sit down.

"Of course, we have lunch together every day. Just after I asked Dr. Yang, he said that you had an operation in the morning. I guess you haven't had lunch yet." Jiang Jingqi smiled pure, beautiful eyes twinkled, very cute.

As Zhou Manchun opened the box of rice, he inquired, "little Qi, do you know what this Shi Botao is from?"

Jiang Jingqi's eyes turned and stared at Zhou Manchun with a kind of

surprise: "no, you don't even know Shi Botao? He is the general manager of JS international

But Zhou Manchun just returned to China, plus she didn't care about gossip, so naturally she didn't know Shi Botao.

"If that's right, he's the patient I operated on in the morning." Zhou Manchun's eyes were deep, nodded and said definitely.

"Well, yes, he is." Jiang Jingqi with a naive smile, but also showed two cute little tiger teeth.

"What's the background of the general manager of JS international?" Zhou Manchun asked suspiciously, Jiang Jingqi is a native of a city, and the little girl loves gossip, so she knows the information of those famous people.

"The president of JS international, Jin Beisen, is his nephew. Do you think the background is tough?" Jiang said grandly that if Zhou Manchun wanted to ask her who Jin Beisen was, she would surely be able to talk for three days and three nights.

Zhou Manchun felt that he was in a fog. If Shi Botao was Jin Beisen's uncle, he would kill his uncle. How could there be such a cruel person in the world?

"Director Zhou, what's the matter?" Seeing Zhou Manchun lost her mind, Jiang Jingqi pushed her arm and asked.

"It's nothing, Kitty. You need to transfer him to intensive care." Zhou Manchun has come up with a way. She must protect Shi Botao from anyone. In this way, Jin Beisen will have no chance to start.

"Why is that? Is he seriously ill? " Jiang asked.

"Well, yes, and you just said that he is the brother-in-law of JS international, so we should take good care of him. You are right." Zhou man's pure and delicate face has a beautiful arc. Only a simple girl like Jiang Jingqi will believe her white lie.

Chapter 14

JS international.

President's office.

On the precious leather sofa, there was a man with a long, happy body and a expressionless face. His hand was flicking through the documents.

"President Jin, the hospital just called and said that Shi Botao had been transferred to the intensive care unit, and his family members could not visit him." Zou Yingjie suddenly remembered the stubble and reminded Jin Beisen. Although he knew that Jin Beisen didn't care about Shi Botao's life and death, it was better if he died.

"Is it? That's interesting. " Jin Beisen said, with a smile on the corner of his lips. His dark eyes sparkled with a light that was hard to fathom. They were black and bright, but they were very beautiful.

"President Jin, there is a meeting in the company this afternoon." Zou Yingjie said that looking at Jin Beisen's picture, his mind is completely out of the company.

"Cancel it for me. I'm going to the hospital now." Jin Beisen said as he picked up the suit made by hand which was lost by him on the sofa and hurried out.

Zou Yingjie goes out with him. Wherever Jin Beisen goes, he will follow

him. This is his mission. Zou Yingjie is not only Jin Beisen's assistant, but also Jin's housekeeper. He used to come from special forces.

Jiaru hospital.

Zhou Manchun didn't worry about Shi Botao's illness, so he went to his ward and came back. Just as she was going out of the ward, Jin Beisen arrived.

Jiang Jingqi trotted after Jin Beisen, apparently unable to stop him.

"Jin President Jin, I'm sorry, you can't go in." Jiang Jingqi stammered that she never dreamed of seeing her God so close, so she was so excited that she couldn't stop Jin Beisen.

At the moment when Zhou Manchun and Jin Beisen were looking at each other, they were a little embarrassed. They thought it was terrible. How could he appear here now? Isn't that what I told you just now?

Jin Beisen deliberately didn't talk to Zhou Manchun, but bypassed Zhou Manchun and tried to open the door of the ward.

This move is really cruel, Zhou man thought with pure heart. She doesn't say it now, nor does she say it. In a word, it's extremely embarrassing.

"I'm sorry, you can't go in." Zhou Manchun bit his teeth and stopped Jin Beisen.

"I'm going in to see my uncle. What's the matter?" Jin Beisen did not expose Zhou Manchun, but pretended not to know her.

Zhou Manchun is confused, but she has no time to think about why Jin Beisen pretends not to know him. It's better for him to lose his memory.

However, Jin Beisen's speed of change is really fast. In the safe passage, Zhou Manchun can hear clearly. He wants to ask people to kill Shi Botao. Now she says that Shi Botao is his own uncle, and he's a wolf in sheep's clothing!

"The patient is not out of danger yet. According to the regulations of the hospital, the family members can't go in to visit for the time being." Zhou Manchun stands in front of Jin Beisen, her thin body shakes slightly, and cries for help in her heart!

"The rules are set by people and can be modified naturally. Doctor Zhou, you can go in. Why can't I go in? If you need to disinfect before you go in, I'm willing to cooperate. " Jin Beisen said with a good attitude that he was totally different from Zhou Manchun when he was threatened by the security channel.

"Rules are rules. If you break them at will, they will not be called rules. If you refuse to leave, I'll call security." Zhou Manchun said firmly that Jin Beisen was not allowed in anyway! He was a dangerous person.

Chapter 15

"Oh, isn't it? Then try it. If not, call your Dean. " Jin Beisen saw Zhou man's pure and clear eye base wavering, full of evil spirit.

"Mr. Jin, please cooperate with the rules and regulations of the hospital. If the patient is out of danger in a few days, you will be allowed to visit." Zhou Manchun saw Jin Beisen refused to eat the hard ones, so he had to come to the soft ones.

But she must not let Jin Beisen in. What's the difference between Jin Beisen's seeing and not seeing? And Zhou Manchun thinks that Jin Beisen is definitely not kind-hearted.

Who knows, Jin Beisen not only didn't listen to Zhou Manchun's words, but he played a rogue. He bent, put up his long legs and sat on the chair, "then I'll wait here."

Zhou Manchun helplessly turned a white eye. The president of JS international was so empty. It's really strange. It seems that he intended to fight with himself.

"Xiaoqi, go ahead and do it. I'll take care of it here." Zhou Manchun knows that Jin Beisen must spend some time with himself. Since he wants to go in, she will accompany him in!

Jiang Jingqi's eyes were rolling, wondering if Zhou Manchun would be in danger. Jin Beisen didn't seem to be a good host.

"Director Zhou, then I'll go." Before leaving, Jiang was reluctant to give Jin Beisen a look. After all, the God of man was in front of her. It's a pity that she didn't see much.

"Don't you say you're not a doctor in this hospital?" After Jiang Jingqi left, Jin Beisen asked in a dangerous way.

Zhou Manchun's heart beat like a deer bumping around. She pulled at the corners of her mouth and didn't reply to Jin Beisen's question.

"If you are determined to go in, I will accompany you in, but I will bear the consequences. If the patient accidentally infects the germs, it is all your responsibility." Zhou man said in pure words.

"Funny, how could it be my responsibility? Is it not the responsibility of your

hospital for the patient to get the germs? " See Zhou Manchun don't want to answer, Jin Beisen didn't force, because he knew Zhou Manchun was a doctor of Jiaru hospital.

Want to scare Jin Beisen? Zhou man's innocence is the development of courage.

"How is the responsibility of the hospital? I advised you." Zhou Manchun raised his eyes to see Jin Beisen. He had big eyes and a dignified appearance. He was really handsome.

"Before I go in, I need to disinfect. If I eliminate the poison and bring the germs to my uncle, it is that the disinfection work in your hospital is not in place." Jin Beisen's tongue is sharp and smooth. Zhou Manchun fights with him. Obviously, he is not his opponent.

Zhou Manchun doesn't know where the anger comes from. She has been working smoothly in Jiaru hospital these days. Although director Li has been secretly pushing her out, she has a real ability and doesn't miss anything, so she's not afraid of director Li's small actions, but Jin Beisen gives her a strong sense of crisis.

Disinfection, changing clothes, all the movements Jin Beisen completed are very natural.

"Doctor Zhou, you seem to be sweating." After entering the ward, Jin Beisen just glanced at Shi Botao coldly, and then never went to see him again.

Zhou Manchun touched his forehead unnaturally. He was very nervous. He did sweat a little. "Is it strange that he sweats when the air conditioner is on?"

Jin Beisen didn't speak, but he thought it was funny. Zhou Manchun's

performance reminded him of a sentence: a dead duck has a hard mouth.

The ward suddenly became very quiet. Zhou Manchun was not that kind of person. He could hear the clock ticking.
